NB: This is a new 64 bit version; if you have a older Mac (2015 or earlier) please go to www.englishtype.com and get the 32 bit version instead or contact Englishtype if you have questions.

1/ Download the file with called v5_EnglishtypeSetUpHome.pkg (Mac Package installer file) or similar (v4_Senior).

2/ When it's finished, **navigate to your Downloads folder using Finder** and double click the file to run it. This will launch the Englishtype installation wizard.

3/ Follow the instructions of the wizard and save the program on your own computer; the default location is the Applications folder for Mac.

4/ Once the wizard is finished, **use Finder again and navigate to the Applications folder** and you should see Englishtype in the list. **If you want to make a shortcut, drag it down to the dock or on to the desktop.**

5/ Run the application from the shortcut if you made one or from the Applications list in Finder.

6/ Click TRYIT to run in demo mode; this gives the first 6 lesson sections and 2 games. Progress done in demo mode will be saved. The password for Settings (spanner icon) is admin

If you like the program and buy an activation code, the demo unlocks to be the full program.

Special Note: if you are running Catalina 10.15 OS please email sue@englishtype.com for extra instructions if you are have any questions difficulties
