NB: This is a 32 bit version of the program, there is a 64 bit, if you want it, visit www.englishtype.com

1/ Download the file called Englishtype_V5.msi (Microsoft Installer) or V4 Senior (or similar name).

2/ When it's finished, navigate to your Downloads folder using File Explorer/ThisPC/etc and double click the file to run it. This will launch the Englishtype installation wizard.

3/ Follow the instructions of the wizard and save the program on your own computer; the default location is the ProgramFilesx86 folder on PCs.

4/ Once the wizard is finished, you should see a short cut on your desktop or in the Start menu, double click the icon to launch Englishtype.

5/ Click TRYIT to run in demo mode; this gives the first 6 lesson sections and 2 games. Progress done in demo mode will be saved. The password for Settings (spanner icon) is admin

If you like the program and buy an activation code, the demo unlocks to be the full program.
